

USER STORIES

1. As a traveller, I want to search for available properties by location, date, and price range, so that I can have an overview of my suitable stay.
2. As a traveller, I want to have a visual form to overview my bookings, so that I can have a quick look at them and change them in case of need.
3. As a host, I want to manage multiple property listings from one dashboard, so that I can oversee all my properties in one place.
